Report of Select Committee on the Bill for amending the Indian Merchant Shipping Act. 475

Supplementary Bill, No. 10 of 1922—Indian Merchant Shipping (amendment) Bill, 1922. 475

GOVERNMENT OF INDIA.

LEGISLATIVE ASSEMBLY DEPARTMENT.

The following Report of the Select Committee on the Bill for amending the Indian Merchant Shipping Act, 1922, was presented to the Legislative Assembly on the 14th November 1922:—

We, the undersigned Members of the Select Committee to which the Bill has been referred, have the honor to inform the House that the Bill, as amended, has been passed by the House of Representatives on the 14th November 1922.

2. Clause 2.—This clause was consequential on a change which it was proposed to introduce in section 363A of the Indian Merchant Shipping Act, 1922, by the Legislature (referred to in the report of that committee) proposed in clause 1 of the Bill. We have omitted that clause. We accordingly amend the Bill.

Clause 3.—We have made no change in this clause, but we desire to express the view that an early opportunity should be taken to reduce the words "native" wherever it occurs in the Indian Merchant Shipping Act to the expression "native passenger ship" and "native passenger" by some word or words of similar import.

Clause 4.—We considered extending the period within which insurance agents should have taken place in the event of a ship being wrecked, but we have decided to leave the period as it stands. We have, however, inserted words in subsection (4) of the proposed new subsection (14) of section 146 so as to make it possible

to extend the period of one month, if such a course should prove to be to secondary with respect to honesty. The change has necessitated a slight consequential amendment in clause 16.

Clause 14(1) has been inserted in the meaning of the Indian Merchant Shipping Act in section 243, as also were that it is unnecessary to issue the proceeds of a future ticket and the making of deposits in the case of the higher class passengers and that it is unnecessary in any case to erect the deposit of the cost of railway fares from the port of disembarkation to the pilgrim's home. We have retained, however, the proviso which is introduced by the I.M. for the railway fares, but we deem to be necessary that the proceeds will also be paid in the case of the pilgrim's deposit. A wider departure there is indicated by the proviso which is introduced in the Indian Merchant Shipping Act at the end of the I.M. Our reason for inserting the Explanation which was clause proposed to add to section 243, is that the Explanation would have the effect of forcing an individual to deposit a sum of money with a pilotmaster to defray the passenger's expenses from travelling to a port in the first place. This explanation is certainly an undesirable provision in the regulations proposed for creating the pilgrim and the release of pilgrims and so does not correspond to the advantages. It would further necessitate a severe interference with the liberty of Movement (including the ports in the first place) by ships other than pilgrim ships to be assigned to take either pilgrim or domestic money. Further as regards the clause if pilgrims would have to make a deposit on any ship carrying pilgrims or otherwise, leading to any port in the first place except that to find out from the passenger whether they were carrying for business, pleasure or otherwise. We do not deny that there may be individual pilgrims proceeding by ship other than pilgrim ships who may be stranded in the Indian and we are satisfied that nearly all such pilgrims have been stranded at Zoolah and have applied to be repatriated. To require them to be repatriated runs the risk of justifying the holding of a bad law. We have, therefore, reworded the explanation of the effect of the provisions which has formed the first of the explanation have been made by the Ministry of Marine at Zoolah for some such purpose as was proposed to meet the case of stranded pilgrims arriving irregularly by ships that are not strictly speaking pilgrim ships.

With reference to subsection (2) of the new section 243 proposed by this clause, we are of opinion that in the proposed form of the clause to be inserted in pilgrim ships should appear as entry specifying the right of the holder of the ticket to the passenger room available in the passenger ship required by the provisions of section 100 of the Indian Merchant Shipping Act.

In the proposed section 243 we have altered the words "British Minister at Zoolah," here as descriptive, to "the Ministry's representative at Zoolah." We deem to add a consequential amendment in connection with the proviso here provided for that Government should verify the bona fide and the legal representation of a pilgrim, when some of the documents are received, and should also publish the list of such ships by individuals in the official Gazette. We have retained the expression "half the passenger money paid by the pilgrim," which was employed in section 249 of the Indian Merchant Shipping Act, because half the passenger money paid by the pilgrim would, in any event, be a larger sum than the value of the return part of the ticket. We have inserted subsection (4) of the proposed section as a consequence of the amendments we have made in the proposed new section 243 and we have inserted subsection (5) for the same reason. In subsection (5) we have inserted a proviso for providing for a case which appears to have been overlooked and to give to the pilgrim as well as to a person accompanied by him the right of applying for the refund there proposed for. We have reworded subsection (7) to include refund of deposits when the possibility of any deposit is made.

In subsection (2) of the proposed new section 100 we have introduced a small amendment to save the exercise of the rights conferred by subsection (4) of section 100.

Clause 15.—We have revised the proviso with the definite aim of securing pilgrims as there can be no doubt as to the validity of the return tickets with the Ministry's representative at Zoolah.

Clause 16.—We considered the possibility of specifying a definite period before which detailed information as to sailings should be submitted. We

on the 25th October 1910. Section 4 of Act XIV of 1910 repealed the Native Passenger-ship Act, 1897, in far as it was applicable to the pilgrim ships. The notification No. 207, dated 24th October 1910, also with Chapter IX-A was approved by the Governor General on Council on the date on which the Pilgrim-ship Act XIV of 1910 came into operation.

In 1923, so Act, called the Indian Merchant Shipping Act, No. XXX of 1919, was passed and by notification No. 2178, dated 25th May 1923, published in the Gazette of India of 1923 in Part I, page 247, was brought into force from the 1st May 1922. By the operation of the aforesaid notification Acts regarding Merchant Shipping with modifications have brought into force Act.

There are three parts of the Act and out of which Part IV deals with the native passenger ships and with the pilgrim ships. This part begins from section 147 and ends at section 218. "Native passenger" does not mean a passenger by a ship which is native of Asia or Africa and therefore carrying more than 25 native passengers, it is a "Native Passenger Ship" in the eyes of law.

"Pilgrim" means a Mohammedan going to or returning from Mecca. In 1924, sections 220, 224, 232 and 233 were amended and sections 220A and 220B were inserted while in 1931, sections 228B, 228C and 228D were inserted. In 1931 for the words "Lord of the mosque" the words "Governor General in Council" were substituted, where in they appeared in Part IV of the Act.

The first main change in 1922 was in regard to the loading of ships at Aden. This was made necessary by amending section 161 and the amendments in sections 178 and 193 were merely consequential. The second main change was in regard to the pilgrim ships. Before the native passenger ship was made compulsory. The loading and unloading were consequently left to the merchants. In 1927, rules of pilgrim ships was made compulsory and the provisions and materials for the same were prescribed. The result was that the shipping companies stopped only one or two ships and only two or three days before the ship was due to start, they went to notify and ascertain. A plan to the amendments and their effect shows how the ship became useful for the pilgrims.

By notification No. 2181, dated 17th September 1927, the Governor General in Council was pleased to order that every pilgrim ship should possess at least 14 certificated first and 95 cubic feet of space available for each pilgrim on the notified ship.

From then, the Government made several rules by different notifications from time to time. At the present still has nothing to do with this matter, this was proposed to discuss it.

Now coming to the Bill and the Report as amended by the Select Committee, I propose to explain the different clauses of the original Bill and also the amendments recommended by the Select Committee. The Bill as introduced in the Legislature provided, contained sixteen clauses which proposed amendments in sections 149, 155, 161, 163, 167, 168, 169, 170, 171, 172, 173, 174, 175, 176, 177, 178, 179, 180, 181, 182, 183, 184, 185, 186, 187, 188, 189, 190, 191, 192, 193, 194, 195, 196, 197, 198, 199, 200, 201, 202, 203, 204, 205, 206, 207, 208, 209, 210, 211, 212, 213, 214, 215, 216, 217, 218, 219, 220, 221, 222, 223, 224, 225, 226, 227, 228, 229, 230, 231, 232, 233, 234, 235, 236, 237, 238, 239, 240, 241, 242, 243, 244, 245, 246, 247, 248, 249, 250, 251, 252, 253, 254, 255, 256, 257, 258, 259, 260, 261, 262, 263, 264, 265, 266, 267, 268, 269, 270, 271, 272, 273, 274, 275, 276, 277, 278, 279, 280, 281, 282, 283, 284, 285, 286, 287, 288, 289, 290, 291, 292, 293, 294, 295, 296, 297, 298, 299, 300, 301, 302, 303, 304, 305, 306, 307, 308, 309, 310, 311, 312, 313, 314, 315, 316, 317, 318, 319, 320, 321, 322, 323, 324, 325, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, 341, 342, 343, 344, 345, 346, 347, 348, 349, 350, 351, 352, 353, 354, 355, 356, 357, 358, 359, 360, 361, 362, 363, 364, 365, 366, 367, 368, 369, 370, 371, 372, 373, 374, 375, 376, 377, 378, 379, 380, 381, 382, 383, 384, 385, 386, 387, 388, 389, 390, 391, 392, 393, 394, 395, 396, 397, 398, 399, 400, 401, 402, 403, 404, 405, 406, 407, 408, 409, 410, 411, 412, 413, 414, 415, 416, 417, 418, 419, 420, 421, 422, 423, 424, 425, 426, 427, 428, 429, 430, 431, 432, 433, 434, 435, 436, 437, 438, 439, 440, 441, 442, 443, 444, 445, 446, 447, 448, 449, 450, 451, 452, 453, 454, 455, 456, 457, 458, 459, 460, 461, 462, 463, 464, 465, 466, 467, 468, 469, 470, 471, 472, 473, 474, 475, 476, 477, 478, 479, 480, 481, 482, 483, 484, 485, 486, 487, 488, 489, 490, 491, 492, 493, 494, 495, 496, 497, 498, 499, 500, 501, 502, 503, 504, 505, 506, 507, 508, 509, 510, 511, 512, 513, 514, 515, 516, 517, 518, 519, 520, 521, 522, 523, 524, 525, 526, 527, 528, 529, 530, 531, 532, 533, 534, 535, 536, 537, 538, 539, 540, 541, 542, 543, 544, 545, 546, 547, 548, 549, 550, 551, 552, 553, 554, 555, 556, 557, 558, 559, 560, 561, 562, 563, 564, 565, 566, 567, 568, 569, 570, 571, 572, 573, 574, 575, 576, 577, 578, 579, 580, 581, 582, 583, 584, 585, 586, 587, 588, 589, 590, 591, 592, 593, 594, 595, 596, 597, 598, 599, 600, 601, 602, 603, 604, 605, 606, 607, 608, 609, 610, 611, 612, 613, 614, 615, 616, 617, 618, 619, 620, 621, 622, 623, 624, 625, 626, 627, 628, 629, 630, 631, 632, 633, 634, 635, 636, 637, 638, 639, 640, 641, 642, 643, 644, 645, 646, 647, 648, 649, 650, 651, 652, 653, 654, 655, 656, 657, 658, 659, 660, 661, 662, 663, 664, 665, 666, 667, 668, 669, 670, 671, 672, 673, 674, 675, 676, 677, 678, 679, 680, 681, 682, 683, 684, 685, 686, 687, 688, 689, 690, 691, 692, 693, 694, 695, 696, 697, 698, 699, 700, 701, 702, 703, 704, 705, 706, 707, 708, 709, 710, 711, 712, 713, 714, 715, 716, 717, 718, 719, 720, 721, 722, 723, 724, 725, 726, 727, 728, 729, 730, 731, 732, 733, 734, 735, 736, 737, 738, 739, 740, 741, 742, 743, 744, 745, 746, 747, 748, 749, 750, 751, 752, 753, 754, 755, 756, 757, 758, 759, 760, 761, 762, 763, 764, 765, 766, 767, 768, 769, 770, 771, 772, 773, 774, 775, 776, 777, 778, 779, 780, 781, 782, 783, 784, 785, 786, 787, 788, 789, 790, 791, 792, 793, 794, 795, 796, 797, 798, 799, 800, 801, 802, 803, 804, 805, 806, 807, 808, 809, 810, 811, 812, 813, 814, 815, 816, 817, 818, 819, 820, 821, 822, 823, 824, 825, 826, 827, 828, 829, 830, 831, 832, 833, 834, 835, 836, 837, 838, 839, 840, 841, 842, 843, 844, 845, 846, 847, 848, 849, 850, 851, 852, 853, 854, 855, 856, 857, 858, 859, 860, 861, 862, 863, 864, 865, 866, 867, 868, 869, 870, 871, 872, 873, 874, 875, 876, 877, 878, 879, 880, 881, 882, 883, 884, 885, 886, 887, 888, 889, 890, 891, 892, 893, 894, 895, 896, 897, 898, 899, 900, 901, 902, 903, 904, 905, 906, 907, 908, 909, 910, 911, 912, 913, 914, 915, 916, 917, 918, 919, 920, 921, 922, 923, 924, 925, 926, 927, 928, 929, 930, 931, 932, 933, 934, 935, 936, 937, 938, 939, 940, 941, 942, 943, 944, 945, 946, 947, 948, 949, 950, 951, 952, 953, 954, 955, 956, 957, 958, 959, 960, 961, 962, 963, 964, 965, 966, 967, 968, 969, 970, 971, 972, 973, 974, 975, 976, 977, 978, 979, 980, 981, 982, 983, 984, 985, 986, 987, 988, 989, 990, 991, 992, 993, 994, 995, 996, 997, 998, 999, 1000.

These 16 clauses may be analysed as (1) clauses 1, 2, 3, 4, 5, 6, partly 12, 13, 14 and 15 having no direct connection with the Haj pilgrims, out of these clauses 1, 2, 3, 4, 5, 6 have no material for pilgrims while clauses 7, partly 12 and 14 are relevant for shipping companies which give certain facilities to them and exempt them from certain obligations, (2) clauses 8, 9, 10, 11, partly 12, 13 and 14 affect Haj pilgrims directly and are most relevant to their case and will put unnecessary hindrance in their way.

Clause 1 is about the short title and commencement.

Clause 2 proposed amendments in section 147. This was a consequential amendment as section 147 of the original Act under section 184A by clause 11. The amendment was to the effect that the amendments intended that none of the persons of Indian origin living in a foreign ship or in any other ship to any part in the Indian Sea other than the East China for any pilgrim, they must either purchase a return ticket or make a deposit with the Government and the ship should be treated as a pilgrim ship in this connection. This clause has rightly been omitted by the Select Committee.

Clause 3 amends section 149 and deals with the masters of certificate B for native passenger ships and pilgrim ships. By this amendment sub-section (b) of section 149 of the proposed Act has been split into two parts numbered as new sub-sections (f) and (g). Part (f) of sub-section (f)

has the same workings as of present art's section (g) but the native passengers only, while the second part is a proviso which has been added as a kind of safeguard to the second paragraph which allows sleeping cabins to be built, under certain conditions. The proviso is so associated with section 104 for native passengers. Section 105 is amended for pilgrim ships and exempts this shipping companies from obligation of placing on board sufficient fuel for supply to the pilgrims. Original sub-section (1) of section 105 contains follows:—

"That fuel, food and pure water over and above what is necessary for the crew, and the other things of any prescribed for native passengers on pilgrim ships, as far as may be taken from placed on board, of the quantity prescribed properly packed, and sufficient to supply the native passengers or pilgrims on board during the voyage which the ship is to make (including such quantities as quantities as may be preferable) according to the prescribed rules."

By making this amendment the native passengers will get fuel on the ship while the poor pilgrims will not get any fuel. I cannot understand why this difference is sought to be made. If cooking is to be and a proviso to be made, then it should be provided for the native passengers as well. Again, from this amendment (1) of section 105 deals with the cooking of food. Fuel is required not only for cooking purposes but also for heating water and preparing medicines, etc. *Jealousy* and many other factors medicines require cooking. For the supply of fuel from ships in pilgrim there might not be any discrimination between the two and the native passengers. In my opinion, the discrimination should be done away with and clause 1 should be amended.

Further in this connection the members did not accept my amendment for altering the word "native" for Arabic or "Arabic." Although the Committee has recommended to change the word in clause 1, but in my opinion by adding a new clause we could have altered the word "native" with which I believe was the word "Arabian," "Arabic" and similar other words are used by Englishmen for the Arabic and the Arabs. The members of these words in a Arabic is a great slur on the legislation. No doubt we are natives of Asia, but Englishmen are also natives of Europe calling America "back water" or "barbaric" is a great insult.

I cannot agree with the majority that as this Bill has been brought in accordance with the recommendations of the Hajj Committee, so we must restrict it to pilgrim ships only. This Bill proposes amendments in Part IV of the Act which deals with pilgrims and native passengers both. In this Bill as well there are many clauses which deal with native passengers. The word "native" has been used in Part IV mostly. The opportunity is better than any other to substitute any other suitable word for the "native." The Committee has accepted the principle, but differed about the suitability of time for the amendment.

Clause 4 is a consequential amendment to the amendment proposed in clause 2 of the Bill. Section 104 was a kind of exemption which has now been provided as a proviso to (f) in clause 1 for native passenger ships while the pilgrims have been prohibited from cooking their food while on board the ship, as the exemption was not granted for them. If clause 2 is enacted, there will remain no necessity for this clause 4. It should also be omitted.

Clause 3 again differentiates between a native passenger and a pilgrim. A native passenger will get food, fuel and water while a pilgrim will get food and water only, but not fuel. I feel the water may be doing which is considered good for a native passenger is not so considered for a pilgrim and that anything which is required for the pilgrims is not required for the native passengers. Up till now the more law was applicable in both of them. The reason for this differential treatment was hidden from public before me by the Government yet could the majority really see on this point. Fuel is not only required for cooking food, but it is required for cooking oil for medicines also and for preparing medicines, etc. In my opinion, the amendment is quite unnecessary and this clause should be omitted.

Clause 4 increases the penalty from Rs. 50 to Rs. 100 for having excessive number of passengers on ships. There is absolutely no objection in violating this clause, but a really breach of law in this connection does not take place. Very few cases of breach of law in this respect can be traced. Generally shipping companies do not take more passengers than they are authorized.

The main cause for the rush to ships is due to the defective rule about the space which is allotted to passengers and the other cause is the defective form of regulations in this connection. I will deal fully with the defective system and insufficiency of space under clause 7.

Clause 7 deals with the same space of 30 square feet or 40 cubic feet which the pilgrims at present are entitled to get on board by rule No. 1183, dated 1904, the 15th September 1907, promulgated by the Governor General in Council in which I referred at the earlier parts of the Report of Council.

Eight square feet means a space of not less than 6 feet long and 3 feet 6 inches wide. The Council are divided in their view that at least 6 feet long and 3 feet wide space should be allotted to each pilgrim, but this question was referred and the time expired before Government got the majority and now the space was reduced to 18 square feet. I cannot understand how a man can sleep in a space which is only 3 feet 6 inches wide. My suggestion is that the same distinction and to leave a space of one foot between each man and a space of one foot between each girl and boy. Thus a lady is objectionable. There must be some space between two men, so that pilgrims may go to latrine and to sleep place for themselves without disturbing and troubling other pilgrims. For determining the question there should be more space between two men. I cannot realize, how the Government will be consistent when in one place they prohibit making pilgrims pay contribution for money and here by means the financial troubles they are not prepared to increase the space. I cannot see the ground under the 18 square feet as an amount of insufficiency of space. Pilgrims are human beings and not flock of sheep. Every minute and not 100,000 in the current in which the pilgrims are to spend three days of discomfort when everything sleep is not at all good demand to give the pilgrims to improve the space instead of making the law.

The defective way of calculation further makes in the way. At the time of survey the whole area inside the porticoes space is taken into account and the difference is divided by 16. The system because the varying rigidity of a pilgrim ship. This makes no account of pilgrims, women and other women in not taken into account. The same between between or between one man is not taken into account. In my opinion at least pilgrims square feet necessarily be allotted to each pilgrim and a space of one foot should be left between each man and one foot between each girl.

Clause 8 is the amendment to section 204 of the Act. Sub-section (1) removes the existing provision if a pilgrim is not medical and free and sub-section (2) removes the penalty for not carrying a medical officer on board. There is no objection in keeping this clause, but such a clear breach of law often during a medical officer has not been met and so the system is possibly a permanent but temporary. Medical care are supplied free to pilgrims even in present, but this has been mentioned in the Act to make it permanent situation. In rule clause (1) the clause for the word "disease" is not a happy one. It will be difficult to find out whether the doctor has changed anything. In my opinion it should be substituted by the word "suffer from".

Clause 9 gives facility by subsection (1) to the shipping companies by allowing them to give a ticket bond for each ship for the whole month instead of the present system of giving separate bonds for each journey. Sub-section (2) permits them to give one bond for all ships for the whole month. Sub-section (3) makes it obligatory for ships to send Adm if required to do so and sub-section (4) makes it obligatory to comply with all rules made thereunder and subsection (5) empowers the Governor General in Council to give any rule desired by him under section 204A. This clause does not affect the pilgrims.

Clause 10 makes provision against children within one month of travelling time and vaccination against cholera compulsory. Pilgrims having marks of small pox have been accepted from vaccination. Only such pilgrims will be considered valid which have been supplied by the doctors with the passport of the respective chief or qualified. During the question of doctor's qualifications in the ships of the shipping office in every case is required.

Clause 12 amends five sections 204A, 204B, 204C and 204D. Section 204A has been left out by the Select Committee at all present stage, but the government has been amended with a great hope that the proposed bill should be passed by making the regulations a water direction. In my opinion the following provision be added at 204 D—

"Provided that the pilgrims who are not apply for the mark of small pox and pilgrims who have been vaccinated for small pox must be vaccinated before the departure of the ship. The pilgrims who are not vaccinated must be vaccinated before the departure of the ship."

Article 191B laid down certain conditions for getting a token and to the shipowner to produce the same when demanded for inspection. Further by sub-section (1) the supply of food for any purpose is defined, and getting of medical food and every thing which the journey is made obligatory, the price of which will be charged with the price of the token. The necessary food will be supplied free. In my opinion there are many objections in regarding the system to pay the cost of food, etc. will the cost of these tokens. The money proposed by the Local Government, cannot be supplied as such for price. It will increase the price of the token at least by more than forty for each the journey. Many passengers take dry food with them and many others are supplied with rich and expensive food. They get their food from their rich friends. Different persons have different taste. Some are more vegetarians, some are less. Every vessel by itself must cannot be catered by foreign passengers. India is not a foreign country. There of course is India very different. The money paid with tokens will be a source of money only. This system is not to decrease the number of passengers in a great vessel. The Government Machine was ready for some compromise in this matter and was not lost for further discussion, but unfortunately the majority failed to reach the matter. However, there is no doubt of the fact that there is a great agitation over this matter amongst the Hindustanis.

Article 192C is on the line of article 191 (1). This amendment is about permits. In case of passage every half of it then some condition, then up till now sub-section. But the amendment makes it easier by putting in the words "as prescribed". Now this depends on the money of the Government. Further in sub-section (2) for word "medical" it is not a happy word. It will be difficult to satisfy "medical" should be substituted by the words "specialist". Section 192 (new) says that vaccinated deposit and passage every shall issue to Government. Up till now the issue of passage money was under rules made by the Governor General in Council. It has been said on behalf of the Government that as the rule was not followed completely, as they want to bring it in the future. I agree with the members of the assembly, but I say that the rule principle should be followed in the case of all other rules which are in force of passage. This is very hard that the rule by which, money issue to Government is brought in the Council, but other facilities in passage are left out in the rule only.

Clause 23A amends section 191C. (1) exempted and reduces the shipping companies from supplying a boat for Rs. 1000 as a security for the fee imposed for the deposit of 10 passengers for more than 15 days. Sub-section (1) and (2) on money drafted changes and sub-section (3) reduces the time for detention at British from 15 to 10 days in case of postponing the return ticket within the month following the day day. In my opinion 10 days should be substituted for 15 days.

Clause 23 is a minute drafting change.

Clause 24 amends the shipping companies from the obligation of sailing on the appointed date which will be treated as a mark of advertisement.

Clause 25 amends a fine up to Rs. 50 for parking food on ship or for lighting a fire. The Select Committee has rightly omitted it.

Clause 26 is the consequential amendment to section 215 of the Act which relates to the rule-making power of the Governor General in Council. Sub-section (1) of the original and amended food which will not be supplied and which will be reserved along with the cost of the token. Sub-section (2) gives power to make rule for purchasing any food or eat and show the price of the food. Sub-section (3) empowers the Governor General in Council to be regulated under section 216 (1). Sub-section (4) relates to passengers and for the food passengers. Sub-section (5) relates to the power for the day the 198 for breach of any rule.

By examining the Bill, clause by clause, it appears that the Government has brought some provisions from the rules, but provided certain facilities to the shipping companies and has prohibited cooking on the ship. Every one will have to pay a price provided by the Government for the shipping companies with the cost of the ticket which will not be refundable, even if the passenger does not take his food. Those who have more the inconvenience at the time of distributing the money to a person then can manage the supply of distribution of food in a private way. The shipping companies as well do not think it profitable. It is very hard that without any consultation whether a man takes his food or not, whether he is in a position to eat

or not, whether he gets his food or not, he is bound by law to pay a heavy amount in the company. They pigmies get their food on ship from company. They are supplied with food from both persons in consideration of some service performed by them. Many take food of their own kind and place of their own area and prepare their food at a cheaper rate and of a better quality. The food supplied by the shipping company will be of inferior quality and at a higher rate. There is no provision in the Bill about the rights of the pigmies.

The increased rate of passage money with traction and locomotives created by the Bill will surely reduce the number of pigmies to a very great extent. Cheating of pigmies by sending it some costly is certainly an interference with the pigmies. The Government have approved the Bill on religious grounds. All the expenses up till now available and put before the Select Committee with against this legislation. If Government want to give facilities to the shipping company (Porter, Maritime Company), Government will have to stipulate, but they cannot bear the amount in the cost of the passage money.

Passage money for children under 12 years should be half of the passage money for others.

If any special provision in Kanam should be stippled in before.
